

QUESTION: Why should I believe in God?

ANSWER: Your refusal to believe that God exists is just as **FOOLISH** as refusal to believe in the law of gravity. If you say, "I don't believe in the law of gravity", and you jump off a high cliff, you will still fall to your death! **Your denial of the truth** will not prevent your falling. God **DOES** exist, and your denial of that fact will **NOT** make Him go away! God tells us that He has written what we need to know about Him in His word, the Bible. Again, if God exists, and the Bible is His written word, and the Christians who believe the Bible are **RIGHT** and you are **WRONG**, you have everything to lose, and you will end up in hell! Maybe you should examine the teachings of the Bible, so that you do not make a fatal and eternally wrong choice!

- **Psalm 53:1** "The **FOOL** has said in his heart, 'There is no God.'"
